

Miss Cathryn Chisholm Named 1958 YMCA Good Neighbor

Miss Cathryn Chisholm was honored Monday as she was selected 1958 YMCA Good Neighbor at the annual Good Neighbor Breakfast. More than 3000 people came to have breakfast, and to applaud the selection of Miss Chisholm for this timely recognition.

Dr. Rollin Smith, chairman of the breakfast, presented the Al Turner award to a surprised Miss Chisholm. In so doing, Smith read portions of nominating letters from former students, parents, and from Dr. J. H. Hull, Superintendent of Torrance Unified School District.

Dr. Smith, pointed out that each year the YMCA attempts to select a person who is "quietly doing good works for others." He said that Miss Chisholm has been that sort of person in Torrance ever since she came here as a teacher in 1949.

Tell of Concern

All who nominated her spoke of her deep personal concern for the hundreds of students who have passed through her classes. They told of the many extra things she did beyond the call of duty. Many graduates of Torrance High School, where she now teaches Social Studies and English, related how Miss Chisholm helped the make important decisions regarding service life, marriage, careers, and immediate problems.

Aids Teachers Too

Miss Chisholm is a former president of the Torrance Education Association, during which time she aided all the local teachers in many ways. For many years she has sponsored Future Teachers Clubs at Torrance High School.

Though happily surprised by the award, Miss Chisholm expressed the thought that she was rewarded daily by the work itself and the appreciation of teenagers and adults whom she counsels. "It's the most satisfying work possible," she exclaimed. "It's wonderful to be able to help these young people, and sometimes their parents too. But you have to really love

these teen-agers." She finds her work more with boys than girls, "possibly," she says, "because girls are protected longer."

Can't Be Shocked

"Boys feel they are adults and want to try 'adult' things, only to find they are not really mature. It confuses them and they sometimes turn to wrong solutions."

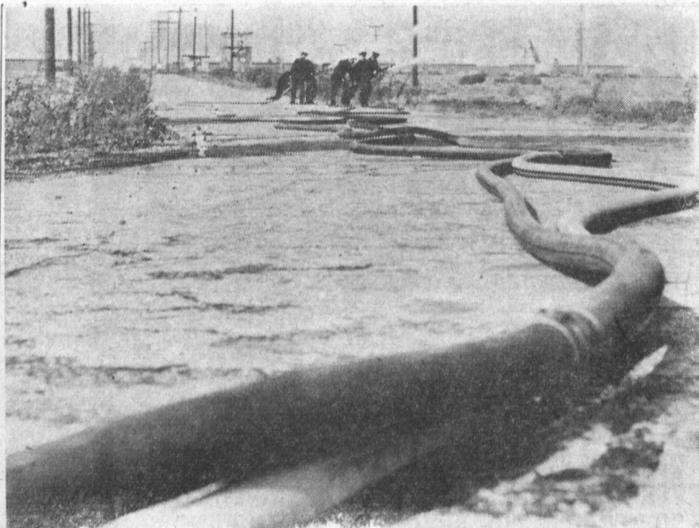

Miss Chisholm encourages them to "talk it out," explaining that she has heard "every conceivable kind of problem."

"I tell them to give it to me straight—then we may be able to find the answer. I may not approve but I can't be shocked."

Approval of Master Plan for Parks Asked

Immediate approval of master plans for three small parks, was requested of the Park and Recreation Commission last night.

Director Harry B. Van Belle pointed out that City Council approval will have to be sought for Los Arboles, Paradise and La Romeria Parks before the engineering department can proceed grading plans.
